# Little Mila

## Optimum protection thanks to fixed skai-padding

Your child is very active? With the firmly integrated skai-padding (50 mm height), you offer your child optimum protection.

For more information on the different padding options, see page 75/76!

Easy to retrofit

This skai-padding is available in grey!

120 cm barred side height with motor cover (option)

## Optimal view thanks to integrated vinyl windows

The integrated vinyl windows fit flush with the firm skai-padding and thus offer a similar padding effect to the permanently integrated foam padding. The windows offer an optimal view. So you keep an eye on your child easily and your child feels visibly more comfortable.
